

## 46" Commercial LCD Network Display with Built-in TV Tuner

- Commercial-Grade Television
- Advanced Cooling, Longer Operation
- RS232C In-Out
- Built-in PC for Control Over LAN/WAN

Samsung 46" 460CXn- 2 is a commercial-quality LCD display with a built-in TV tuner. Advanced cooling technologies allow it to reliably display content 16 hours a day, 7 days a week. 1080p resolution and HDMI means you'll display broadcast and video content at the highest resolution possible. Combined with Samsung picture technologies and a 4000:1 static contrast ratio, content is full of brilliant detail. An integrated PC provides LAN/WAN control of multiple displays, while included MagicInfo™ - i software gives you RSS feeds, a web-based server, and more. And the high-gloss black finish lends upscale ambiance to any environment.

### Commercial-Grade Television

The CXn-2 series displays feature built-in digital television tuners, to display television broadcasts in a display that is suited to rigorous commercial environments.

### Advanced Cooling, Longer Operation

Advanced cooling technologies allow CXn-2 displays to be operated reliably for up to 16 hours a day, 7 days a week.

### RS232C In-Out

RS232C, a standard of serial communication, is used for the communication between PC and displays. A Multiple Display Control (MDC) allows various displays to be easily and simultaneously operated by a PC, which is possible with the RS232C function.

### Built-in PC for Control Over LAN/WAN

The integrated PC means network control of multiple displays, without having to install and run wires to a separate PC.

### Full HD 1080p with HDMI

Display broadcast content or video in the highest resolution possible.

### MagicInfo™ i Software

Included software gives you RSS feeds to display stock quotes, scores, weather updates and more. It also gives you a web-based server, so you can upload and control content from anywhere.

## Built-in Speakers

Integrated 10W x 2 speakers let you localize sound in different locations. Audio line out also allows amplification and volume control of external speaker.

## High-Gloss Piano Black Finish

The rich piano black finish adds an upscale feel to any environment.
